Dear Prof. Rgcec Office,

I hope you're doing well.

We have launched the second edition of Internships for 1st Year Students where we have handpicked exclusive work from home internships for your students which they can go for during their college semester and even winter break!

Our main belief is that students who undergo these internships will not only be ready for the competitive job market in the future but also gain financial independence, as every internship will carry a minimum stipend of **Rs. 20,000** in the entire internship tenure.

I would like you to share this email with your 1st-year college students and encourage them to register and apply to these internships **here** or at **internshala.com/i/1st_year**.

You may also **download** this letter and have it circulated to ensure every student gets to know about this campaign.

Please note - **Students can register and apply to the internships only till 30th November.**

Many thanks,
Aayushi Sharma
